SUBCHAPTER C. DISABILITY RETIREMENT BENEFITS

Sec. 839.201. ELIGIBILITY FOR DISABILITY RETIREMENT ANNUITY. (a) A member is eligible, regardless of age, to retire from regular active service for disability and receive a disability
retirement annuity if the member has at least seven years of service credit in the retirement system.

(b) A member otherwise eligible may not receive a disability retirement annuity unless the chief justice of the supreme court and the medical board certify that the member is mentally or physically incapacitated for the further performance of regular judicial duties.

(c) A disability retirement annuity may be denied on the ground that a claimed physical incapacity is caused by or results from an intemperate use of alcohol or narcotic drugs.

Sec. 839.202. DISABILITY REPORTS. (a) A member who applies for retirement because of physical incapacity shall file with the retirement system and the chief justice of the supreme court written reports by two physicians licensed to practice medicine in this state, fully reporting the claimed physical incapacity.

(b) The retirement system shall refer an application for disability retirement to the medical board for its recommendations. The medical board may require an applicant to submit any additional information it considers necessary to enable it to make its recommendations.

(c) The chief justice of the supreme court may direct the retirement system to employ a physician under Section 840.203 or may direct the medical board to require additional information under Subsection (b).

Sec. 839.203. DISABILITY RETIREMENT ANNUITY. (a) Except as provided by Subsection (b) or (c), a disability retirement annuity is an amount computed as provided by Section 839.102.

(b) The amount of a disability retirement annuity is not
reducible because of the age of the retiring member.

(c) Instead of a disability retirement annuity computed as provided by Section 839.102, a retiring member may elect to receive an optional disability retirement annuity payable as provided by Section 839.103.

(d) A disability retirement annuity is payable for the duration of the retiree's disability. If a retiree who has selected an optional disability retirement annuity dies while receiving the annuity, the annuity is payable throughout the life of the retiree's designated beneficiary or for a guaranteed period after the date of retirement, depending on the option selected.

SUBCHAPTER D. DEATH BENEFITS

Sec. 839.301. SELECTION OF DEATH BENEFIT PLAN BY MEMBER.

(a) An eligible member may select a death benefit plan for the payment of a death benefit annuity, to be paid if the member dies before retirement. Except as provided by Subsections (c) and (d), a death benefit annuity is an amount computed, in the manner provided under Sections 839.102(a) and (b) for computation of a standard service retirement annuity, as if the member had retired on the date of death and payable, beginning on the day after the date of the member's death, in one of the following ways:

(1) throughout the life of one person designated by the member; or

(2) to one or more persons designated by the member, for a period of 120 months.

(b) A member eligible to select a death benefit plan is one who is a member and has at least 10 years of service credit in the retirement system.

(c) The retirement system shall, under tables adopted by the board of trustees as provided by Section 840.005, actuarially reduce the amount of a death benefit annuity payable under this
section for the difference between the member's age on the date of
death and age 65, if the member dies before attaining that age.

(d) The computation of a death benefit annuity selected
under Subsection (a)(1) must include the age of the designated
recipient.

(e) A member may select a death benefit plan by filing an
application for a plan with the board of trustees on a form
prescribed by the board. After selection, a death benefit plan
takes effect at death unless the member amends the plan, selects a
retirement annuity at the time of retirement, or has chosen a plan
that cannot take effect.

Renumbered from Vernon's Ann.Civ.St. Title 110B, Sec. 74.301 and
1, 1991.

Sec. 839.302. SELECTION OF DEATH BENEFIT PLAN BY SURVIVOR
OF MEMBER. If a member eligible to select a death benefit plan
under Section 839.301 dies without having made a selection or if a
plan selected cannot be made effective, the member's designated
beneficiary may select a plan in the same manner as if the member
had made the selection. If there is no designated beneficiary, the
personal representative of the decedent's estate may make the
selection.

Renumbered from Vernon's Ann.Civ.St. Title 110B, Sec. 74.202 and

Sec. 839.303. MEMBER DEATH BENEFITS GENERALLY. (a) Except
as provided by Subsection (c), if a contributing member dies, a
lump-sum death benefit is payable from the retirement system in an
amount computed at the rate of five percent of the amount in the
member's individual account at the time of death times the number of
full years of service credit the member had at the time of death.
(b) The benefit provided by this section is payable to a person designated by the member in a signed document filed with the retirement system. If a member does not designate a beneficiary or if the beneficiary does not survive the member, the benefit is payable to the member's estate.

(c) A death benefit may not be paid under this section if, at the time of death, the member was eligible to select a death benefit annuity under Section 839.301.

Sec. 839.304. RETURN OF CONTRIBUTIONS. (a) Except as provided by Subsection (c), if a member dies before retirement, the amount of the member's accumulated contributions is payable as a lump-sum death benefit.

(b) The benefit provided by this section is payable to a person designated by the member in a signed document filed with the board of trustees. If a member does not designate a beneficiary, the benefit is payable to the member's estate.

(c) A death benefit may not be paid under this section if, at the time of death, the member was eligible to select a death benefit annuity under Section 839.301.

Sec. 839.305. RETURN OF EXCESS CONTRIBUTIONS. (a) Except as provided by Subsection (c), if a person dies after retirement, a lump-sum death benefit is payable in an amount, if any, by which the retiree's contributions to the retirement system on the date of retirement exceed the amount of annuity payments made before the retiree's death.

(b) The benefit provided by this section is payable to the retiree's designated beneficiary. If a retiree dies without having
designated a beneficiary, the benefit is payable to the person entitled to distribution of the decedent's estate if that person or the personal representative of the decedent's estate claims the benefit before the second anniversary of the decedent's death.

(c) A death benefit may not be paid under this section if an optional retirement annuity has been selected as provided by Section 839.103 or 839.203(c).

Sec. 839.306. BENEFICIARY CAUSING DEATH OF MEMBER OR ANNUITANT. (a) Any benefits, funds, or account balances payable on the death of a member or annuitant may not be paid to a person convicted of or adjudicated as having caused that death but instead are payable as if the convicted person had predeceased the decedent.

(b) A person who becomes eligible under this section to select death or survivor benefits may select benefits as if the person were the designated beneficiary.

(c) The retirement system shall reduce any annuity computed in part on the age of the convicted or adjudicated person to a lump sum equal to the present value of the remainder of the annuity. The reduced amount is payable to a person entitled as provided by this section to receive the benefit.

(d) The retirement system is not required to change the recipient of any benefits, funds, or account balances under this section unless it receives actual notice of the conviction or adjudication of a beneficiary. However, the retirement system may delay payment of any benefits, funds, or account balances payable on the death of a member or annuitant pending the results of a criminal investigation or civil proceeding and other legal proceedings relating to the cause of death.

(e) For the purposes of this section, a person has been convicted of or adjudicated as having caused the death of a member or annuitant if the person:
(1) pleads guilty or nolo contendere to, or is found guilty by a court or jury in a criminal proceeding of, causing the death of the member or annuitant, regardless of whether sentence is imposed or probated, and no appeal of the conviction is pending and the time provided for appeal has expired; or

(2) is found liable by a court or jury in a civil proceeding for causing the death of the member or annuitant and no appeal of the judgment is pending and the time provided for appeal has expired.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1249 (S.B. 1664), Sec. 16, eff. September 1, 2011.

SUBCHAPTER E. INCREASES IN BENEFITS

Sec. 839.401. ANNUITY INCREASE AFTER DEATH OR RETIREMENT.

(a) Except as provided by Subsections (b) and (e), on the first day of each fiscal year, the retirement system shall increase the amounts of annuities that are payable by the system to a retiree, to the survivor of a retiree, or to the survivor of a deceased member.

(b) The retirement system may not increase under this section the amount of an annuity unless the retirement or death on which the annuity is based occurred before the first day of the preceding fiscal year.

(c) The legislature may appropriate money from the general revenue fund to pay the costs of increasing the amounts of annuities under this section. On the first day of each fiscal year, the state comptroller of public accounts shall transfer to the retirement system any money appropriated for the fiscal year for the purpose of this section.

(d) If the amount of money appropriated for a fiscal year is insufficient to finance the rate of increase in annuities specified in the Act making the appropriation or if the Act fails to specify a rate of increase, the board of trustees shall set the rate as the rate that the amount of money appropriated will finance for the duration of the annuities payable to those persons entitled to receive an increase in annuities under this section.

(e) If an appropriation is not made for a fiscal year for the
purpose of this section, the retirement system may not increase under this section the amount of annuities for that year.
